## Millions To Coast Cited

PAHOKEE — With \$10 - 15 million in Glades business going to the coast each year, Mayor of Belle Glade, Lewis Fland, told the C-C directors meeting this week that measures should be taken locally to keep some of that money at home.

Formation of a retail merchants committee was recommended to act on this and other problems of mutual interest was his recommendation to the C-C board.

L. M. Lair, chairman of the C-C's Retail Merchants Committee, said he believed such an organization could, if sparked with an appealing agenda, accomplish great things for the city. Pessimistic talk by local citizens was scored as the meeting and directors felt that attitudes of positive thinking and making constructive lines would do much to counteract such destructive talk and thinking.

### Chase Presides

In the absence of M. P. Stanley, president of the chamber, Vice President Curtis Chase presided. He appointed Boyd Vorhees, national counsel, and established appointments of education, and national affairs chairman.

Director Leon Dobrow, reporting for the airport committee, said no decision was made to bring together all facets and figures pertaining to airport lights and airport hangars before making a request for airport action to the county commission. Jack Phillips is chairman of the airport committee.

Director had a report of the breakwater committee and continuing retention by the city of K. C. Mock and Associates for \$5,250 to make preliminary surveys and plans for the water-front development. Director Dick Purcell reported that the U.S. Engineers had been cooperative in every way and were advancing plans to tie the breakwater into the dike at points of abutment.

## Canal Point PTA Marks 25th Year

CANAL POINT — The 25th anniversary of Canal Point PTA and annual Founder's Day was observed by the association Monday night. A cake bearing candles was lighted by three eighth grade girl students and exchanged among Mrs. Pope Sears and Mrs. Boyd Vorhees, past presidents.

A Valentine playlet was presented by students of Louise Holzinger's eighth grade. Also Betty Williams, Katherine Hughes and Sue Chastain, seventh grade students, dressed in costumes of impersonating famous movie stars. W. E. Johnson, program chairman, was in charge of the program.

P. A. Slonaker, president, presided. Members voted to add to the 25th a class project that the returning present shall be a member of the executive board. The attendance banner was awarded to the eighth grade students with a rating of 100 percent.

Mrs. Pope Sears, Mrs. Susie Shippard, Mrs. H. Sheppard, Mrs. P. A. Slonaker and Mrs. Perry Frierson served on the program committee.

## S. BAY-LAKE HARBOR FUND FOR RED CROSS STARTED

SOUTH BAY — Donations for the forthcoming Red Cross fund campaign are already being accepted, according to Mrs. W. C. Allen and Mrs. A. B. Barnes, co-chairs of the drive this year.

The annual Red Cross campaign begins Mar. 1. The quota for the South Bay-Lake Harbor area has been set at \$200, the chairmen said. The campaign netted \$1,000 last year, the figure last year and it is anticipated that this year's total will be in excess of that given last year.

## HARVEST GAL DEADLINE MAR.

BELLE GLADE — Deadline for entries for the Belle Glade Jaycees' second annual Harvest Queen contest has been set at midnight, Mar. 12.

The contest to choose the queen to reign over the Everglades Fair, Mar. 21-26, will be selected at a coronation at the high school auditorium Mar. 19. Contestants may be entered from any city within a 20-mile radius of Lake Okeechobee, according to the committee, which Lucy Swayze, chairman.

Unmarried girls aged 16 to 22 years are eligible for sponsorship. Sponsors may be a cultural, service, fraternal or social organization or business firm. Charles Gandy, Sonny Smith, and Eugene Ellis, other members of the entry committee.

### Plans Completed

Plans were completed for contest at the weekly Jaycee dinner meeting at the Municipal County Club. Lebron Williams, general chairman, called for committee reports from committee chairmen.

The membership voted to enter the All Florida Family Camp which will run from Feb. 15 to Mar. 7. The camp is sponsored as a public relations project of the Florida Jaycees. C. L. Todd, president, appointed Joe Zieman as chairman of the committee to participate in the contest. Alvin Gandy, in charge of publicity, Paul Lewellen, trustee; and C. E. Godwin, judges.

R. E. Shoemaker made a report on the recent meeting of the Gulf Stream Council for South Bay. Shoemaker was appointed chairman of the council. He volunteered to assist in the Scout fund drive. The kick-off breakfast will be held Feb. 15. The FFA string quartet, composed of Leon Warren, Bobby Williams, Billy Jones, Billy Cowart, and Jimmie Cowart, presented a number of selections, accompanied by Gene Ellis.

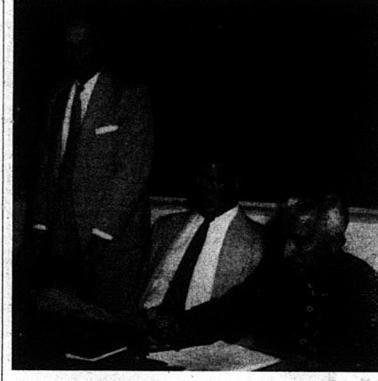

## BELLE GLADE IN DIMES ROUNDUP

BELLE GLADE — Figures are still coming in for the March of Dimes Campaign in the Belle Glade area with Mrs. Rosa Nash reporting a total of \$17,21. Total amount of the campaign show, \$601.14 from the Mothers' March, and \$85.61 from coin collectors, a total of \$803.96.

Harvey Poole, chairman for the Negro section, reports their collection is about 50 percent complete but to date they have collected \$176 from the Mother's March in Belle Glade, and \$81.32 from the Okeechobee Center. Mrs. Fannie Potter was co-chairwoman in Belle Glade and Rev. G. E. Powers and Mrs. G. Greax of the Okeechobee Center.

Mrs. Nash reported the show collection was taken up for four nights and the coin collectors were only out for two weeks so far. Mrs. Nash is president of Beta Sigma Phi Society which sponsored the drive in Belle Glade.

Mrs. Nancy Geiger and Mrs. Grace Slonaker, Canal Point, are making plans to open a restaurant in the Golden building in Belle Glade about the 15th of February. The new business is to be called the Neo-Gra Restaurant. Both will be the guest speaker. All past presidents of the PTA are urged to be present.

## So. Bay PTA In Observance

SOUTH BAY — Founder's Day was marked here Monday evening by the Parent-Teacher Association and centered around a thought from one of Peter Marshall's plays: "Where we're wrong make us willing to change; where we are right make us easy to live with."

Founders Mrs. Mabel Barstow and Mrs. H. C. Willets were recognized and Mrs. Barstow gave an account of the early beginning of the local PTA and its cooperation between the home and the school engendered by the PTA spirit was illustrated in a three-act skit in which Ray Sullivan, Mrs. E. Walker, Mrs. M. R. McCall, Mrs. A. Hall, George King, Mrs. J. Hardy, Mrs. William Masinis and Steve Tralkidis participated.

Mrs. Floyd Wilder, president, presided, and heard the message from the national president read by Mrs. G. E. Crichtfield. The president, McCall said, kicked off the candles and Jeanne Crichtfield read a Founder's Day wish as a dedication to the founders and each member. A wish to the progress of the PTA was made as the candle was lit. Refreshments, cake and coffee were served by Mrs. Crichtfield, Mrs. O'Neil Walker and Mrs. Billy Rogers.

Refreshments consisted of a birthday cake with 58 candles.

The president, McCall said, held a kick-off breakfast Tuesday for drivers workers, Lions, Rotarians and Jaycees. The prelude to the drive for the following quotas: Belle Glade (\$3,500); Pa-hokee - Canal Point, \$2,000; South Bay, \$750; and Clewiston, \$2,000.

Last year's council budget totalled \$20,000, and this year it is hoped that \$38,000 can be raised due to the added responsibilities incumbent on the council from increased Scouting activities, McCall said.

Two Boy Scout Camps, one for Negroes and one for Negro Scouts are being conducted, and a third is under construction, McCall said.

## WASHINGTON NEWSLETTER

By Sen. George Smathers

WASHINGTON—News from the Far East continues in such an ominous vein that President Eisenhower has been prompted to assure the Communists our stand is no bluff.

Because of the "powder-keg" character of the situation in the Formosa Straits, the situation may be changed by the time you read this. As of this writing, however, there is still talking and not fighting. That is encouraging.

Since we can hope for the replacement of rage with reason, and a firm and working commitment of all peoples to settle their differences in the forums of the United Nations or on the battlefields (where there are decisions of might, and not necessarily right) we are hopeful that the negotiations within the United Nations organization will achieve a decision to settle current problems in a rationalized manner. There certainly is encouragement from the fact that British leaders—Winston Churchill, Anthony Eden—are working with us in firmness to wards peace.

In view of a commitment of our forces to protection of Formosa, the administration's insistence upon serious cuts in the armed forces appears to many of us here to be a bit dismaying. We must, however, encourage the British delegation to make decisions of might, and not necessarily right.) We are hopeful that the negotiations within the United Nations organization will achieve a decision to settle current problems in a rationalized manner. There certainly is encouragement from the fact that British leaders—Winston Churchill, Anthony Eden—are working with us in firmness to wards peace.

I have been shocked by the announced reduction of the marine corps by 32,000 fighting men. These men, all of them volunteers who want to serve their country in uniform and who are willing to respond to any alarm, are to be let out at a time manpower is a problem, and while Congress is being asked to extend the selective service system, I am keeping the matter under advisement.

The Senate Armed Services Committee to take a long, hard look at the service's personnel planning.

"NO" To Tax Cut Demands: There continues to be much casual talk about the possibility of further tax cuts in the session of Congress. In my opinion such talk is misleading and thoroughly unrealistic; it should be met with a firm "NO."

We should—and must—concentrate our efforts on improving the requirements of our security forces, of insuring that the weapons given our fighting men are of the best and the most. We won't get away again with "too little, too late."

MORE RED TIDE ACTION—Pursuant to the provisions of the bill passed in the last session of Congress which was understandably labelled the "Red Tide Bill," the Secretary of Interior finally has appointed an advisory committee on problems of the fishing industry. In the

group of 19 are two Florida men—Lon S. Kenny, of the Pinellas Sea Food Company, and Harry F. Sahlman, of the company bearing his name at Fernandina Beach.

It seems to us in the Florida delegation who have worked hard together to get something done about this problem, that it took a long time to find the men to work together for this program. But better late than never.

Congressman Jim Haley, Sarasota, has been especially active in his efforts to bring this problem to the Red Tide problem. Jim has lived on the Gulf Coast for many years and knows first hand what this menace means.

He showed that last year when he battled vigorously and successfully to have the bill passed. Those who know Jim Haley can be sure he's going to stay behind this program until "Red Tide" is no longer a concern to our west coast areas.

West Florida Drought Aid: Department of Agriculture finally admitted disaster in West Florida from last summer's drought, declared our counties eligible for rehabilitation loans. Senator Rep. Sikes and I have protested the admission of Glades County and urged reconsideration for it; counties approved were Okaloosa, Santa Rosa, Jackson and Washington.

FLA. And Costa Rica: A year ago I proposed negotiations between Costa Rica and the University of Florida for an arrangement of trained assistance to the Central American Ministry of Agriculture. Dr. Wayne Reitz now advises me that Costa Rica has agreed to the terms of the program and contracts signed.

Bouquet of Week: To the newsmen and women who do such a splendid job keeping the public informed of the work of the state's delegation here. Our annual "Press Day" here is being held this week.

## South Bay Students Establish Systems

SOUTH BAY—Student council members of South Bay school have established a merit and grading system for the purpose of stimulating students' interest in school work, according to Pellon Morris, principal.

The first system allows each student 25 merit points from which demerits are deducted. After the student incurs infractions, the number of his merits to 12 he is subject to disciplinary action by the principal.

Under the second, the grading system plan, students are assigned study hall groups on the basis of grades as posted on the bulletin board resulting from weekly tests. The groups participating in the established systems are fifth, sixth and eighth, Morris explained.

IS HE RIGHT? Figure this one out for yourself. Here is an exact quotation from the Congressional Record—Page 898: "MR. WILEY, from Alabama is right. MR. SPARKMAN did not quite understand what Senator said to say he is right." MR. WILEY. Sometimes the Senator is right; and sometimes he is right. This time the Senator is right."

BETTER THAN CALIFORNIA: I Am a California boy. Washington has admitted that Florida can out-do his native state—in determination at least. John Baseline, the Californian in question, heads up a program in the Home Finance Agency to help people get left-over money to help selected communities. During the war, the government helped these communities extend their sewer lines due to government regulations. A little of that money is left over, and a number of cities want some of it. One of these is the town of Fort Walton. Baseline said he never saw such determination on the part of any group, not even the California Chamber of Commerce, as was shown by a delegation, headed by Congressman Bob Sikes and Fort Walton Mayor Tom Brooks, who had come down on his feet last week.

QUICK WORK: Congressman Dante Fascell did a little fast foot work this week. In fact, he showed exceptional speed for a brand new Congressman who had just gotten his keys. On Tuesday night he presented his "Courtesy Key." Upon opening these keys they were found to be programs, a product of the art work in the class. The presentation was most appropriate and enjoyable, especially when one remembers that these were first grade children, many of them appearing on a stage for the very first time. Special mention goes to two little girls called "The Reasons Why" and "The Reasons of Others." They were so good, with such clever surprise endings that we may use them in our Revue.

Plans are under way for our annual minstrel revue, "Follies of 1955." This is the big activity of our school year. We believe that this sixteenth annual edition will be one of the best performances of the series. A surprising amount of talent has already been uncovered. Pupils who are present in us in this activity must be good citizens of our school community in every sense of the word. Watch for our announcements from time to time and plan now to attend the Follies of 1955.

GETTING THE WORD: For a long time Senator George Smathers has been voicing disapproval of the way our exchange student program is working. Student of the visiting exchange students are from Europe. Less than 50 are from this hemisphere. He wants to do something about it. This week he wrote to more than 600 American colleges asking how many mainland American students there would like to have. When he gets this information—look for him to introduce a plan to start a whole new concept of student exchange in this half of the world. This is one result of his two month's trip to Latin America last fall.

FAIRY PRINCESS: Every fairy princess must have her own chariot. And Florida's new own Princess has a chariot, the most wonderful chariot in the world—a huge four-motored plane. Elected Princess at the Florida State Society dinner last week was Miss Joan Carl, 24, of Miami, who is an airline stewardess. Miss Carl is a frequent visitor to Washington—via her National Airlines chariot, of course.

BY SCHATZI

ED. NOTE: Schatz's cold is better this week, but she was unable to write her column due to catching her paw in the slot on top of a Kleenex box. No doubt she'll chew her way out of the box in time for next week's issue.

## East Lake School Progress Report

PAHOKEE—Addition of five classroom units at East Lake School for use in the second grade is now available for teachers and students to do a better job, according to Stanleight M. Murrell, principal, in a report which includes the following notes relating to school activities:

The first assembly program of 1955 was presented by the pupils of Miss Lillie Mae White's first grade on last Thursday afternoon. The theme of the program was Courtesy. As pupils entered the assembly room, our clinic is complete with a new bed, bedside table, several complete sets of linen, plastic mattress cover, liquid soap and metal chrome soap dispenser, dental equipment, screen and desk set for our school nurse. According to Miss Plumer, our clinic is one of the most convenient sites in this area. Our new office is large, papered keys are marked. Our Courtesy Key. Upon opening these keys they were found to be programs, a product of the art work in the class. The American Red Cross sponsored a class in First Aid

of our faculty members are now holders of the standard certificate and thereby qualified to administer first aid in any emergency which might arise in our school center. East Lake teachers receiving the certificate were Misses Betty L. Spurlock, Mrs. May Weller, Mrs. Mary J. Sneed and Misses Betty Walker and Spurlock with mutual agreement and co-

"Pupils of Roseland School in South Bay presented their "Darktown Jamboree", a minstrel show, before a packed house in our assembly room last Thursday night. An excellent performance it provided the audience with many laughs and much enjoyment. It would be hard to single out any one performer, all were good. We thank Mrs. C. M. McCord and G. J. Gemmett for staging "Darktown Jamboree" with us. Richard G. Gemmett is principal at Roseland.

"Few in numbers, our PTA has been very active this year. As a matter of fact, our organization decided to furnish and equip our new clinic room. Last Tuesday night they sponsored a clinic shower to complete the project. Despite one of the coldest nights of the year, the shower was quite a success. Results of the shower are a new bed, bedside table, several complete sets of linen, plastic mattress cover, liquid soap and metal chrome soap dispenser, dental equipment, screen and desk set for our school nurse.

## TAIWAN, FREE CHINESE BASTION

Taiwan, embattled bastion of Nationalist Chinese defense against the Red Chinese Government, supports 8 million people in an area less than twice the size of Massachusetts.

Called Formosa from the time the Japanese took it after the Chinese-Japanese war in 1895, the island reverted to its old name only after Japan was defeated in World War II. At that time Taiwan was returned to China. Between 1949 and 1950 Taiwan was a province of China. It was after the defeat of the Nationalist forces by the Communists in late 1949 that Taiwan became the center of Free China and its largest city, Taipei. The president of the Republic of China, Chiang Kai-shek's defeated Nationalist government.

Twenty-four hours a day during every day in the year young Chinese are trained in the manual of arms and prepared for military combat. The economy of Taiwan is subordinated to the needs of Free China and to the effort Chiang feels will be required to hold out against Red Chinese pressure. Science and engineering go hand in hand. The Chinese have turned their energies to providing enough food for the inhabitants of Taiwan to meet basic requirements. Along the same course, every effort is made to export products to bring in the greatest amount of purchasing power. Until three years ago Taiwan had a favorable balance of trade; that is, it exported 130 millions worth of goods and imported 101 millions.

In 1953 the Taiwan government produced 710 thousand short tons of centrifugal raw sugar and 13 thousand tons of non-centrifugal sugar. (During the same period the United States produced 625 thousand tons of centrifugal raw sugar, to give a comparative figure).

## THE FACTS...

## FLYING START . . .

In a recent article "Give the Baby a Flying Start," Jack Sams, Illinois feed manufacturer and expert, states that from the recent rash of experiments on vitamins, antibiotics, arsenicals, etc., "... if it is becoming evident that four footed animals will achieve their greatest growth on the least amount of feeds, only when they get off to a flying start, and to get them off to this flying start requires a complex mixture of antibiotics, vitamins and minerals . . . If a calf is fed largely with milk, we will find that its later development will be held back and the feeding ratio will be worsened no matter how well the calf is fed at a later date."

### EPISCOPALIANS

(Continued From Page 1)

The Belle Glade Church spoke briefly on the dream of the people now being realized.

Vested in cassock and surplice, the wardens of St. John's, Dr. G. E. Townsend and Donald D. Park, then stretched cords diagonally across the building forming an X which is a Greek letter and symbol of Christ. Then they ran the cord all about the four sides of the rectangle while Father Hainline led in the recitation of Psalms 132 and 46. During the ceremony, the entire assemblage followed the wardens. Then, at the place where the altar will be, Father Petrie turned up the symbol of spiritual endeavor, the name of The Father and of the Son and of the Holy Ghost, and placed the building under the patronage of the Apostle St. John.

After the benediction the procession marched back to the starting point to the strains of "The Church's One Foundation."

As the building progresses, further ceremonies, according to Father Petrie, will be the laying of the cornerstone, the blessing of the building by Bishop Flamm, Rev. S. Roberts, Benny Weeks, Mrs. Thomas Bregger, A. L. Durance and E. M. Ayers, Jr. The architect is Chester Cone, and the builder Nelson Willis.

Members of the building committee are: Dr. Townsend, Parke, Grant E. Averill, Edwin M. Ayers, Jr., Mrs. Flamm, Rev. S. Roberts, Benny Weeks, Mrs. Thomas Bregger, A. L. Durance and E. M. Ayers, Jr. The architect is Chester Cone, and the builder Nelson Willis.

Architects were Edwin M. Lively, Jr., Richard Bell, Frank Matthews, John Townsend, Richard Townsend, Earl Williams and Vernon Fink. The choir was led by Mrs. Edwin M. Lively and Miss Marian Najarian. Roberts read the Scripture lesson.

## Auxiliary Plans Membership Dr.

BELLE GLADE — The membership director of the Woman's Auxiliary of Belle Glade Memorial Hospital will get underway soon under the direction of Mrs. J. L. Murphy, assisted by other members of the auxiliary who will collect dues in the areas to which they are assigned.

Membership is divided into three classifications — active members who meet monthly and carry on the activities of the organization, associate members and patron members, whose chief contribution is the giving of funds with which the auxiliary assists the hospital.

During 1954 the auxiliary gave \$450 to purchase three instrument sterilizers, a thermatic pump and a delivery room instrument cabinet for the hospital. They redecorated the pediatric room, cleaned, dressed eight rooms, covered folding screens and accomplished a large amount of sewing and other mending, including hospital linens, as well as preparing surgical supplies for sterilization.

At Christmas time, the auxiliary presented 46 employees of the hospital with gifts and placed miniature Christmas trees in the hospital rooms. Hospital Day was observed on May 12 with open house in the hospital. All auxiliary members acted as guides on tours of the building and served refreshments to the visitors.

All women of this area are cordially invited to become members and help in this endeavor.

## WOMEN'S CLUB TO HELP X-RAYS

PAHOKEE — Members of Pa-hokee's Women's Club will assist with the work of Palm Beach County Mobile X-Ray unit here on Feb. 23 and 24. Mrs. Norman A. Kennedy, president, named Mrs. James Wilson and Mrs. Edna L. Townsend as chairmen of the club, to serve on a committee to secure workers and assign them hours to work.

Mrs. Wilson reported for Mrs. H. T. Williams who was in charge of the March of Dimes collection at the local theater on Feb. 22. The club collections totaled \$128.70.

It was voted Wednesday that all club members of 25 years membership who have actively participated in club work or been outstanding in their generosity in club activities be given an honorary membership in the club.

It was voted to invite Belle Glade Woman's Club members to a meeting and theater party here Mar. 2. An invitation was read from the Glade club to the guest day tea on Mar. 2. Members voted to purchase new dishes for the club kitchen. Mrs. Mendal Luce was a visitor.

### Floridians' Tax Payments Rank High

Floridians paid in a cash total of \$679,615,000 when Uncle Sam passed the hat last year, as their tax bill in the nation's fifth largest internal revenue collections to total. The figures are for the fiscal year ending June 30, 1954.

Florida's total represented actual collections and was up more than 3 percent above the 1953 fiscal year. (National collections amounted to \$679,615,000 in the fiscal year ended June 30, 1954, virtually the same as in 1953.) In this category are all excise taxes on luxury items and manufacturers' taxes on tobacco products and beverages.

## FLORIDA CROPS GROW

### BY A DITHANE FUNGICIDE

#### DITHANE Z-78

#### DITHANE M-22

#### DITHANE D-14

From beans to watermelons, from azaleas to snapdragons—the profitable crops you grow deserve the best in disease control—with a Dithane fungicide.

DITHANE Z-78 continues to be the most popular fungicide that protects many crops from many diseases. One of the Florida crops it keeps green and healthy is sweet corn. It is used to prevent infection from leaf blight and rust.

DITHANE M-22—a maneb fungicide, and newest member of the Dithane family. Dithane M-22 is outstanding fungicide for the complete control of tomato diseases. When you spray tomatoes with Dithane M-22 there is no need to switch or combine materials.

DITHANE M-22 is also used on cucumbers, potatoes, celery, gladioli, carrots, eggplant, peppers and onions.

DITHANE D-14 is used for the preparation of inexpensive tank-mix zinc or maneb.

For more information on crop protection with Dithane fungicides, ask the Rohm & Haas field man nearest you.

## Weddings and Engagements

### WELLS - LaFRANCE

Mrs. Annetta C. Wells of Belle Glade was uniting in marriage on Saturday, Feb. 5, to C. Howard LaFrance of Pompano Beach.

The single ring ceremony was performed in Belle Glade Community Methodist Church, by Rev. W. E. H. Smith, pastor of the bride's family and close friends. The bride's brother and sister-in-law, Mr. and Mrs. Russell E. Tucker, were the only attendants. Mrs. LaFrance was married in a rose dress completed with rose hat and gloves. She wore a shoulder corsage of orchids.

Immediately after the ceremony, the newlyweds left for their new home in Fort Lauderdale, at 5628 N. Andrews Terrace.

Mrs. LaFrance came to Belle Glade about two years ago from Indianapolis, Ind., and has been employed in the office at the Bell Telephone Company. Her husband, Mr. LaFrance is also from Indianapolis, and is at present associated with Zinke-Smith Co., Pompano Beach, Fla.

### Navy Service Schools For H. S. Graduates

Word has just been received by Ed Zapasnik, Chief Molder USN, that high school graduates upon enlisting in the U.S. Navy are eligible for a service school.

Basic requirements are:

Only male applicants who have had no prior active military service in any branch of the armed forces are eligible to apply for enlistment in the High School Graduate Training Program.

An applicant will be required to present documentary proof substantiating that he is a high school graduate, or proof of completion of an eighth grade education (or equivalent) followed by graduation from a full-four year course in technical vocational school.

Applicants enlisted under this instruction will be assured an opportunity of being sent to a specialized school for indoctrination, but not to a particular school. During recruit indoctrination, the man will be tested, interviewed and counseled to determine which school he will be assigned. His choice will be the main factor, but he will have to meet certain specific mental and physical qualifications in each case, depending on the school desired. In cases where the schools' quotas are small, selection will be highly competitive. For further information, consult Chief Zapasnik, local Navy recruiter located at the Draft Board Office each Tuesday at 9:30 a.m. in Belle Glade, or the Pahokee post office afternoon Tuesdays.

## Health TOPICS

Presented by your Doctor of Medicine as a Health Education Service of the Medical Association and your Local Medical Society.

### SHINGLES

The germ or virus that causes shingles seems to bear some form of kinship to ordinary chicken pox. It may occur alone or after one or the other among members of the same family. Chicken pox usually occurs in children, shingles in persons over 40 years old.

In shingles, or herpes zoster, as it is known medically, small blisters appear on the body and areas of the skin. This stage may persist for several days with the old blisters becoming worse and new ones appearing. The skin becomes tender and the blisters enlarge.

Inside some of the blisters the fluid is clear or pale, later oval or rounded black spots replace some of them.

Or, or most of these signs are present at the same time in the early days of the disease.

In the ordinary case of shingles, the blisters tend to subside in ten to 14 days. The blisters, the postules and dark spots dry and peel, leaving scabs and scarred areas with some depressions. The skin soon assumes its normal color but there may be permanent scars.

The most serious shingles is occurring on one side of the chest or about half the surface of the waistline. These areas are usually affected by pain and the extremities are not immune. Pain that shows down an arm or leg as far as the shoulder or knee joint or in an eye may signify the oncoming of shingles in one of these locations.

Treatment of shingles consists mainly of the local care of the skin and alleviation of symptoms caused by the neuralgia. The skin must be kept clean and kept warm with cotton flannel. Tub baths and showers are not permitted.

The old superstition yet persists that the individual will be choked to death when the body is encircled by the disease. There is no basis in medical fact because the disease is seldom fatal. Shingles involve the nervous system and the nerves at skin surface and the entire chest or waistline may be affected.

## FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade CHRISTIAN SCIENCE GROUP,

### Canal Point

Spiritual healing as practiced by Christ Jesus will be stressed at Christian Science services Sunday.

The Lesson-Sermon is entitled "Soul" a word which, when capitalized, is used in Christian Science as the synonym for God. The Biblical words conclude: "As great multitudes came unto him, having with them those that were lame, blind, dumb, maimed, and many others, and cast them down at Jesus' feet, he healed them" (Matthew 15:30).

Among the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following (Bible Readings): Sunday School lesson, etc. The Master healer's words were forever manifested through man. The Master healed the sick; gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human mind and bodies and giving a better understanding of Soul and salvation."

## REV. MR. GARRETT JOINS 10 - DAY CUBA CRUSADE

### REV. OLDFORD TO BE GUEST SPEAKER

Rev. Walter Oldford of West Palm Beach will be the guest speaker at the Community Evangelistic crusade on Sunday morning for Miami where he joined 150 Methodist ministers who left Wednesday for Cuba to participate in a 10-day evangelistic crusade.

Some 200 wives of the ministers accompanied their husbands and will take part in the Cuba for Christ campaign. The mission is being led by Bishop John W. Branscomb of Jacksonville, assisted by Dr. H. A. and Dr. D. McHugh of Tenn., executive secretary of the Methodist Board of Evangelism. The mission is also sponsored by the Methodist Board of Missions in New York.

## ONE MILLIONTH TELEPHONE FOR FLORIDA!

## February 2 Marks New Milestone

### in Communications Progress

Southern Bell proudly joins hands with Florida's 22 other telephone companies in commemorating the State's one millionth telephone, installed February 2 by the South-eastern Telephone Company in the Governor's office in Tallahassee, Florida.

In late 1924, there were only 100,000 telephones serving Florida citizens. This number reached the one half million mark 24 years later—by the end of 1948. This half million figure was doubled in a little more than six years.

We of the telephone industry are proud to be partners in progress with Florida's development.

## KOREA — PROOF OF AIR POWER

THE SCORE	
Sorties flown.....	1,092,420
Enemy aircraft destroyed.....	1,116
Enemy troops casualties inflicted.....	266,265
Enemy vehicles destroyed.....	89,327
Enemy aircraft destroyed.....	16,378
Enemy tanks destroyed.....	1,549
Enemy bridges destroyed.....	3,105

Graphic proof of the dominant role played by the nation's air arms in modern warfare is given by the air power box-score when the Korean truce was signed. With the tremendous added effectiveness of atomic weapons, not used in Korea, air power has become the key to victory—or defeat.

In terms of enemy troop casualties alone, air power cost the Communists the equivalent of 38 divisions.

South Bay — The Lions Club sponsored a barbecue for the Boy Scouts Club Thursday evening. The Mothers of the Scout boys prepared the salad, beans, cake and coffee. Scouts were in charge of tickets and Jimmy Challancin sold \$66.00 worth of tickets, and Dan Willits sold \$72.00 worth. Eric Hartline and Cleo Higgenbotham were in charge of the cold drinks. Mark Challancin and Clayton Waters were in charge of the barbecue. The boys were on the job serving and cleaning table for the guests.

Scoutmaster Hector Ouellette reported the supper a wonderful success. The Scouts cleared over \$200.00. All proceeds will go to the Boy Scouts of America for the Scouts. The Lions and their wives helped with the meal.

## DRIVERS HEAR HARD FACTS

**PAHOKEE** — Scoring disreputable and negligent drivers, County Solicitor T. Harold Williams told the Lions Club Tuesday that driver attitudes might mean the death of any person on the highway at any time.

The lions also listened to the Florida manslaughter law as "disturbing, disheartening and discouraging."

Stressing the need for courtesy on the roads, Williams said that traffic accidents could show a sharp decline if drivers did not leave thoughtfulness and courtesy and consideration behind when they close the car door and turn on the ignition switch.

### Manslaughter Law

Referring to the manslaughter law of Florida, Williams said that "The attitude that causes easy outs for reckless drivers is the reason why the police files will swell with photographs of faceless, mangled corpses." Blaming the "out of control" attitude, Williams said that local and state traffic safety officers had a pessimistic outlook for the death figures expected in accidents on state highways in 1955. A public "attention to traffic safety, just as reluctant to say 'guilty' in traffic law enforcement, all these and more are accessories after the fact in the increase of traffic fatalities," Williams said.

### Burdens Of Proof

Prosecutors must prove gross and culpable negligence, Williams said, before they can get convictions on manslaughter charges under outmoded Florida laws.

This means, in effect, Williams said, that the accused must be proved to have intended going on the highway, Williams said, "even if there are kids in the street, let them look out for themselves."

Conviction of manslaughter carries a 20 year sentence in Florida, Williams said, and told how he would like to see it reduced to 10 years. Williams said he would like to see the law changed so that when defense attorneys pointed out to them what the conviction would do to the accused, actually the amount of sentence in within the discretion of the trial judge. Williams said the judge takes note of all circumstances, evidence and intention of the accused.

Saying that "juries are the public," Williams told how defense attorneys often present prospective jurors who do not drink or drive in drunken driving cases. It is routine defense to imply that any juror might be in the defendant's place at some time, he said.

"If we could only make the reckless driver a social pariah," Williams concluded, "we could really begin to cut down the traffic accident death rate."

## COUNTY FAIR HAS WOMEN'S DIVISION

A women's division is being planned to be added to the growing 1955 Palm Beach County Fair, it was disclosed this week, when Fair president W. A. Boutwell, sr., announced the appointment of a 14 member division and 14 action committee leaders and co-leaders.

Named to be leader of the new women's division was Miss Sara Horton, the popular and well known county homemaker and mother. Miss Horton will have full support of the county agricultural department staff and the many home demonstration members throughout the county.

County Agent M. U. Mounts was selected to head the all important agricultural division with, as co-leaders: Asst. Agent John H. Causey, H. L. Speer, Raleigh Griffin, Miss Sara Horton and Mrs. Elizabeth Pierce.

## Reg. Guidance Clinic On 18th

A regional guidance institute for members of PTA's service agencies and clubs is to be sponsored by the FSU general extension division, according to announcement made by Superintendent of Public Instruction Thelma Watkins.

Meeting next Friday at the high school auditorium in West Palm Beach, the guidance sessions will discuss growth of guidance services in Florida, public schools at all levels and seek to improve guidance competencies of teachers and counselors.

Dr. Virginia Hufstetler, consultant in public personnel, Dr. Henry M. McDaniel, professor of education, Stanford University, Calif., are among the instructional personnel coming for the institute.

(Continued From Page 1) run down Ave. D opposite his subdivision near 14th St. and the railroad. The main will lie in with the 14th St. line to take advantage of the necessary layup in connection with the line to South Bay. The main will not only serve the subdivisions in that section but will provide an auxiliary part in case of a break in that part of the regular South Bay line.

Samuels agreed that city action was understood to be contingent on his plan being approved. Water mains within a subdivision are the responsibility of the subdivision and cost about \$75 per house if the city is hired for the work, it was added.

In bearing January reports it was shown that, for example, the fire department answered 11 alarms, the library loaned 462 books, the park dept. reported that regular Friday night skating parties for children are being attended by as many as 100 skaters, that 111 golfers used

the links and that 25 million gallons of water were pumped by the water department.

The city is in a good cash position, it was reported by Anderson, and Carlton commented that it was an excellent year, just about the same as last year.

Commissioners decided to charge Shirley Bros. for one hour's use of the bulldozer used by them in preparing for the railroad siding in connection with the new plant.

### Other Actions —

In other actions, the commissioners:

GRANTED Chamber of Commerce funds to pay for the new brochures just issued.

AGREED to retain of city ditch digger to City of Pahokee for \$10 per hour;

DECIDED to grade streets in N. B. Willis properties subdivision located in Rader properties No. 3 if Willis will haul the rock.

PAD general fund bills amounting to \$7,204.78, water fund bills, \$2,196.52, Port Mayaca Cemetery Commission \$705.55.

PASSED on second and final reading ordinance pertaining to fluoridation of city water supply and providing mechanical equipment for that purpose.

### MILLIONS —

(Continued From Page 1) ber — sponsored fishing contest, director, work out rules for the contest which would have publicity value for the city. Parish suggested that a local contest be tried in with both state and national contests to bring as much publicity to the city as possible.

Director Johnny Thomas reported appointment of Manning Keen, Lynn Shirley, Paul Sasser and Lynn Wilson to the chamber and Highway Committee. He discussed the need for improved markings of Route 441 through the city and agreed to consider putting up additional signs which were offered to the chamber by the directors.

Other actions the directors:
